and NSD File No. L-00-72.

Dear FCC:

I have purchased Tracphones (pre-paid wireless phone service) for both my 16 year-old son and my 72 year-old mother, for security purposes only. I can't afford my own wireless service and additional phone for the two of them if fees continue to rise. It makes me feel better if I know they can both contact help while away from home, if the need arises.

Please help hold down the fees so that I can continue this security feature for my family.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
